Stile sorprendente per questi grembiuli in denim patchwork blue, sia nella versione uomo che in quella donna. Il tessuto denim usato al rovescio, abbinato a inserti e tasche in alcantara, gli conferiscono un aspetto autentico e contemporaneo. Le cuciture a contrasto e la metallurgia in ottone invecchiato illuminano e rendono il capo davvero ricercato. Tipica l'allacciatura salopette con tracolla regolabile.

These blue patchwork denim aprons boast a surprising style, both in the male and female variations. The denim fabric used on reverse side, together with alcantara inserts and pockets, gives it an authentic and contemporary look. The contrasting stitching and the aged brass adornments illuminate the garment and make it very refined. The overalls lacing with adjustable halter is also very typical.
